GUIDELINES FOR SPACE ALLOCATION:

The TYPBC Trailer Yacht Committee is responsible for allocating all parking spaces in the sealed car park area. Several rules are in place for the allocation and retention of spaces. These are as follows:

1. **The boat owner must own a full senior membership with the TYPBC.**

2. **The boat must be used on an average of at least once a month and participate in Club Calendar events**

3. **The boat must be parked properly and safely and not excessively impede the parking of other club patrons.**

4. **The boat on its Trailer must not exceed   9.00 ms in length and 2.55 ms in overall width.**

5. **The concept of the TY parking in the car park is for yachts excedding 4.8metres in length and on a road trailer**

In addition to these rules, the trailer yacht committee will look at issues such as club calendar events participation and Club patronage from the boat owner. The boat parks are there for the benefit of club members who do Club sailing.

Those members who are using their boat more and who participate in club events (both sailing and social) are more likely to be successful with their application than those who do not.The trailer yacht committee reserves the right to discard the application of a current parking space owner if they feel the owner is not adhering to the guidelines in any way.

Any decision of the trailer yacht committee on parking space allocation and compliance is final and not open to dispute.
